

The fire escape's enclosed stairway is cut through the Chapter Room

And it comes out here. Nov. 6, 2009

Looking into the escape and stairway from the third floor and down into the stairs from the third floor.

You can see where windows that previously looked outside are bricked in.

Lighting  
fixture

The landing at the top of the 3d floor has a window for ambient lighting, in addition to the normal light fixture.

Bricked in  
window

3rd floor landing, bricked in window. This stairwell makes for easy access.
